

AAW Architecture

Antwerp Art Weekend

18–21 May 2023

Let's face it, the people of Antwerp have great taste. Even if every street feels like a patchwork quilt, around every corner elements of architectural interest can be found. The Antwerp Art Weekend program is stacked with interesting exhibitions, but sometimes the buildings that house them merit equal attention. Included in this selection are spaces that, besides hosting excellent exhibitions, stand out for their architectural qualities.

1.	De Studio	Maarschalk Gerardstraat 4 2000 Antwerp
