

# AAW Architecture

Antwerp Art Weekend

16–19 May 2024

Let's face it, the people of Antwerp have great taste. Even if every street feels like a patchwork quilt, around every corner elements of architectural interest can be found. The Antwerp Art Weekend program is stacked with interesting exhibitions, but sometimes the buildings that house them merit equal attention. Included in this selection are spaces that, besides hosting excellent exhibitions, stand out for their architectural qualities.

1.	Central Location M HKA	Leuvenstraat 32 2000 Antwerp
