

# AAW Design & Fashion

Antwerp Art Weekend

29 May – 1 June 2025

In recent years, the boundaries between fashion, design, and the visual arts have become increasingly porous. It's no shock that in a city like Antwerp – with its rich history in the fields of fashion and design – these different disciplines often converge, collide, and cross-pollinate. The exhibitions in this selection play with the codes of fashion and (graphic) design, showing just how much they are woven into the DNA of our city.
